

# 2021 FleetPros Professional of the Year Nominations

**Name:** Deb Schreck  
**Title:** Fleet Auditor  
**Company:** City of Tyler  
**Email Address:** dschreck@tylertexas.com  
**Phone:** 9035311323  
**Chapter Affiliation:** Texas

**How long has the Nominee been a member of FleetPros?** 1-3 years

**What program or initiative has the nominee started or improved?** Mounted tire program /  
Tire sealant program

**What caused the need and what did it accomplish?** Tires is the second largest expense for  
The City of Tyler

**Why did the nominee strive to create or improve this particular program?** Changing the  
City of Tyler tire program reduced the City of Tyler expense on tires by more than 50000.00 per  
year.

**Did the nominee have funding to create or improve this program?** No

**If yes, how did the nominee effectively use the funding? If no, how did the nominee  
design and implement the program?** The savings from the changes were used to further the  
size of the program.

**Did the nominee introduce new technology or new ways to use existing technology for  
the program?** Yes

**If yes, what and how?** There were no tracking capabilities for the tires that were being sent for  
retreads. Fleet checks were being performed manually with very little effectiveness.

**Did this program increase productivity?** Yes

**How much and how was it measured?** Tire repairs were tracked for 2 years and Tire  
expense ( purchases) was tracked for 2 years.

**Did this program affect the customer?** Yes

**How did the customer benefit?** By utilizing tire sealant in the tires when they are mounted the  
customers ( other City Departments) experience less down time and less expense for tire repair.

**How was it measured?** Tire repairs were tracked for 2 years and Tire expense ( purchases)  
was tracked for 2 years.

**What training programs were created or are available for this program?** N/A

**What degree of excellence was achieved and how was it measured?** Tire repairs and tire  
expense decreased significantly.

**Did the program reduce risk and injury potential?** Yes

**How did the program reduce risk?** This change resulted in less blow outs and flats.

**Does this program come with rewards or acknowledgements?** No

**How is success measured?** Expense was tracked for 2 years

**What is the reward or acknowledgement?** N/A

**Is the nominee involved in the betterment of the fleet industry as a whole?** Yes

**What is the involvement?** Always looking for ways to improve the shop and provide the City with quality parts and service.

**Has the nominee sought to share the program or improvements with peers?** No

**If yes, how?** N/A

**Please tell us about any other accomplishments that should be considered.**  
N/A
